Liburdi Automation is a leader in design and manufacturing of specialized welding equipment. Serving primarily aerospace and nuclear industries, Liburdi combines expertise in control technology and welding processes to develop unique solutions to challenges presented by these industries. We are currently seeking an experienced Production Quality Control Inspector.

The **Production Quality Control Inspector** role involves quality control inspection of small to medium batch electronic and mechanical welding products. The successful applicant will receive initial hands on training in production as preparation for the inspection role.

Primary Duties Include (but are not limited to):

- Perform visual inspection of production activities to ensure processes and procedures are being adhered to.
- Review in-process inspection records to develop continuous improvement steps to reduce findings.
- Manage production quality documents to ensure proper implementation and record keeping.
- Signoff on final quality release. Upload and manage production record library.
- Ensure appropriate corrective actions and non-conformance dispositions are processed to address production issues.
- Administer FMEA to improve processes and procedures.
- Assist production in improving vendor quality by participating in vendor audit and supporting failure resolutions.

Key Experience/Skill Requirements:

- 2 years of electrical or mechanical manufacturing/fabrication experience
- 2 years of experience performing electrical and/or mechanical inspection
- Strong written and verbal communication skills

Key Education Requirements:

- College diploma in electrical or electronics preferred

Application Information:

This is a **permanent, full time position** offering a competitive compensation package that includes benefits eligibility after 3 months. Interested candidates are encouraged to forward their resume (**please include the reference number in the subject line**) to: resume@liburdi.com

Liburdi is an equal opportunity employer, and we welcome and encourage applications from people with disabilities. Accommodations are available upon request for candidates taking part in all aspects of the selection process.

Only qualified candidates selected for an interview will be contacted.
